

Product Description & Application

Kizzexx Fork Oil 10W is an advanced mineral-based suspension fluid designed to provide the optimum damping performance in all on and off-road suspensions. Its highly refined base stock and naturally high viscosity index will provide superior anti-fade damping performance over a wide temperature range. Fork Oil allows air release and anti-fade performance under the most arduous conditions such as found in racing. Fork Oil is suitable for suspension damper units for on and off-road motorcycles. Waxity Fork Oil represents a new standard in mineral suspension fluid technology and can be used in all competition and on road units.

Features & Benefits

- Good damping performance over high and low temperatures.
- Fast air release for anti-fade performance.
- Wear protection of suspension components.
- Minimized metal stiction for smooth damping operation.
- Protection against corrosion of all the internal parts.

Typical Characteristics

TEST	METHOD	RESULT
Appearance	VISUAL	C&B
Density @29.5°C, gm/CC	ASTM D 4052	0.880
Viscosity @100°C, cSt	ASTM D 445	6.3
Viscosity @40°C, cSt	ASTM D 445	32
Viscosity Index	ASTM D 2270	150
Pour Point, °C	ASTM D 97	-39
Flash Point, °C	ASTM D 92	210
Copper Corrosion @100°C	ASTM D 130	0.0
