

## Product Description & Application

Kizzexx AP-3 Grease is all purpose lithium soap base grease having excellent shear stability, high load carrying properties & prevent welding & seizure of moving parts under shock loading conditions. These greases are recommended for industrial & automotive, earth moving equipment, gear couplings, electric motors, ball & roller bearings etc. AP 3 is a lithium soap base automotive grease of NLGI 3 consistency and this grease has extremely good storage and service stability. AP-3 grease is effective for basic greasing purposes in bikes. Stable lubricating layer / film will give the required corrosion protection in Bikes running on all climate conditions.

## Features & Benefits

- Excellent thermal, structural and oxidation stability.
- Superior protection against rust and corrosion.
- Good resistant to water washout. High drop point.
- Gives excellent protection against rust, corrosion and water wash out.

## Meets Or Exceeds

- NLGI-3

## Typical Characteristics

TEST	METHOD	RESULT
NLGI Grade	-	3
Soap Type	-	Lithium
Viscosity Of Oil @100°C, cSt	ASTM D 445	32
Viscosity Of Oil @40°C, cSt	ASTM D 445	180
Worked Penetration @25°C	ASTM D 217	455
Drop Point, °C	ASTM D 2265	160
Water Washout, @79°C	ASTM D 1264	<10
Copper Stripe Corrosion,	ASTM D 4048	1B
