

Product Description & Application

Kizzexx UTTO is a highly developed multi-purpose oil (UTTO - Universal Tractor Transmission Oil) which has been specially formulated for forestry and agricultural machinery. This product meets the requirements of today's combined drive systems (transmission and hydraulic) and wet brakes. It therefore represents a special transmission/hydraulic oil with wear protection properties and is stable to oxidation. The optimum product for universal use as a transmission and hydraulic oil including wet brakes in construction, forestry and agricultural machines and automotive and farming transport equipment.

Features & Benefits

- Excellent wear resistance.
- Stable oxidation.
- Excellent resistance to aging.
- Rationalizes storage.
- High pressure absorption capability.
- Universal application.

Meets Or Exceeds

- API GL-4
