

Product Description & Application

Kizzexx EP-0 grease is multipurpose extreme pressure lithium soap-based grease for use in a wide range of heavy duty on-road trucking and automotive applications as well as varied industrial applications. These are manufactured from high quality base oils and performance additives to provide excellent wear protection, good structural stability, resistance to water washout and effective protection from corrosion. EP-0 grease is extreme pressure lithium soap-based grease designed for the lubrication of rolling element and plain bearings such as those found in the steel, paper, mining, quarrying, textile and construction industries.

Features & Benefits

- Effective extreme pressure properties for efficient lubrication of heavily loaded components.
- Improved mechanical stability and resistance to softening ensures long lubricant life and prevents leak out of bearings.
- High drop point ensures operating range of up to 180°C.

Meets Or Exceeds

- NLGI-0

Typical Characteristics

TEST	METHOD	RESULT
NLGI Grade	-	0
Soap Type	-	Lithium
Viscosity Of Oil @100°C, cSt	ASTM D 445	32
Viscosity Of Oil @40°C, cSt	ASTM D 445	180
Worked Penetration @25°C	ASTM D 217	370
Drop Point, °C	ASTM D 2265	180
Water Washout, @79°C	ASTM D 1264	<10
Copper Stripe Corrosion,	ASTM D 4048	1B
